Environmental Policy

Doc No: ENV-001 | Rev: 1.0 | Effective Date: 15 July 2024 | Last Review: 08 January 2025

LaminaCore Solutions is committed to conducting its operations in an environmentally responsible manner and in compliance with all relevant environmental legislation, including alignment with ISO 14001 principles.

We recognise our responsibility to manage the environmental impacts of our activities, products, and services. Our environmental commitments include:

- Complying with applicable environmental laws, regulations, and other requirements.
- Preventing pollution by minimising waste and emissions from our processes.
- Promoting the efficient use of energy and natural resources.
- Managing and reducing our carbon footprint where feasible.
- Setting and reviewing measurable environmental objectives and targets.
- Continuously improving our Environmental Management System (EMS).

We provide appropriate training and awareness to employees and contractors to ensure environmental responsibility is integrated into daily activities.

This policy is reviewed annually as part of the management review process and is communicated to all staff and made available to stakeholders upon request.
