Quality Policy

Doc No: QP-001 | Rev: 1.0 | Effective Date: 15 July 2024 | Last Review: 08 January 2025

LaminaCore Solutions is committed to providing reliable and high-quality magnetic components and services that consistently meet or exceed customer requirements.

To achieve this, we will:

- Maintain a lean, ISO 9001-aligned Quality Management System tailored to our scale and customer needs.
- Ensure traceability, full documentation, and accountability at every stage—from material sourcing to delivery.
- Monitor key performance metrics, including on-time delivery (>95%), defect/rework rate (<2%), and CAPA completion within 30 days.
- Conduct regular internal audits and annual management review to identify opportunities and drive continual improvement.
- Hold all employees accountable for quality in their roles and provide training and resources to maintain competence.
- Work with suppliers who adhere to our quality standards, including batch traceability and transparency.

This policy will be communicated to all staff and made available to customers and other interested parties. It is reviewed annually during the January management review and updated as required.
